

## EIGHT TINY REINDEER

*California Premium*

*The Fall months are extremely frantic at the North Pole. Not only is Santa getting ready for Christmas, but it's also the time he harvests and makes his wine for next Christmas. This year, he is especially excited because the grapes come from vineyards that Dasher and Dancer particularly seemed to enjoy. All Summer long, the Eight Tiny Reindeer watch and wait for the grapes to grow to their optimum maturity. Santa knows that when his reindeer are smiling, it's time to pick the grapes. It seems that happy reindeer make really good wine.*
